

## Animatics

Smartmotor™ Integrated Servo Motor Systems sized from NEMA 17 to NEMA 56. Servo Motor; amplifier, feedback, I/O control & communication in one compact package. Fast, simple and cost effective to install.

## Intelligent Actuator (IAI)

Robot Systems, X,Y, Z Servo Positioners, Table Top Systems, Robo Cylinders, SCARA Robots

## Bosch Rexroth Corporation

Worldwide leader in Aluminum Structural Framing Systems. Ideal for ergonomic workstations, machine safeguarding, machine framing & bases, parts handling carts and hundreds of assembly and cleanroom applications.

## Moxa Technologies

World leader in Industrial Ethernet connectivity. NPort Serial Device Servers provide easy device networking solutions for managing serial devices over an IP-based Ethernet network. Ethernet Switches, Serial to Ethernet, Wireless Ethernet, Video over IP & more

## Cimrex/EXTER HMI

Operator Interface Flat panel Touchscreens, ETHERNET connectivity, Compact OEM Interfaces with software drivers for all major brands

## NERLITE

Known throughout the Machine Vision industry as a leader in lighting products and solutions, NERLITE provides off-the-shelf as well as custom OEM solutions.

## Cognex/DVT

World leader in machine vision systems, OCR, barcode and 2D DataMatrix reading, DataMan handheld ID readers & Checker smart sensors for low cost, hi performance inspection, In-Sight for pattern match, precision measurement, color, hi resolution, line scan & wash down applications, ETHERNET, DeviceNet & Profibus connectivity

## Omron

Sensing, Laser Measurement, product inspection & Vision Solutions. Logic & Motion Control with Touchscreen interface & Ethernet communications. Distributed I/O products with Fieldbus connectivity including DeviceNet. Data tracking with RF ID & Barcode. Temperature & Process Control plus control components including Power Supplies, Relays, SSR's, Panel Meters & Switches

## Escort Memory Systems

RFID Radio Frequency Identification Systems, including Antennas, Tags and Network Interface Modules

## Oriental Motor

Stepper Motors and Drivers, AlphaStep Closed Loop Positioning Systems, NanoStep Microstepping System, Gear Motors, Brushless DC Motors, AC Motors, Speed Control Motors, Cooling Fans, EZ Limo Stepper Actuator Family

## Exergen

Non-Contact Infrared Temperature Sensors and Hand-Held Scanners

## Patlite

The World Leader in Signal Towers, Rotating Beacons, Audible Alarms and Voice Message Systems

## Festo Corporation

Worldwide leader in pneumatic automation solutions, Pneumatic actuators & cylinders, grippers & vacuum products, Precision linear actuators & electronic motion control, Valves & valve manifolds for all sizes & applications, Filters, regulators, dryers, on-off valves, Fittings, connectors, tubing & accessories, Servo, stepper, logic, I/O control & operator interfaces

## Omron Scientific Technologies, Inc.

Safety Light Curtains, Safety Interlock Switches, Perimeter Guards, Safety Floor Mats, Level Sensors, Ultrasonic Sensors, plus Specialty Sensors – Pressure, Flow and Displacement

## GCX Instrument Mounting Systems

GCX offers mounting solutions that seamlessly integrate many IT related products into a space saving, ergonomic and efficient environment. Unlike other equipment mounting companies, we have field-tested, proven components that help create a cost-effective and rapidly configured solution for your specific application. From design to supply chain management, we work with you to create highly durable mounting solutions that maximize the usability of your products and innovations.

## Yaskawa

Servo Motors and Amplifiers, Motion Controllers, Gearheads, Linear Motors and Software Solutions for Simple Indexing to Multi-Axis Motion Control with Network Communications and Machine Control
